

CAN'T DO IT ALL AT ONCE

(written by Kenneth Cope)

Can't do it all at once
Can't do it all at once
Got to do it little by little
(Repeat twice)

Can't do it all at once
Can't do it all at once
Can't do it all at once

Can't do it all at once
Can't do it all at once
Got to do it little by little
Repeat

Now there's no need to rush
Can't do it all at once
Got to do it little by little
I'm tired of messing up
Trying to do it all at once
Got to do it little by little

One foot in front of the other
Is much like a child being taught how to walk
It's parts of a puzzle
Find one then another will come

Can't do it all at once
Can't do it all at once
Got to do it little by little
(Repeat twice)

Too much gets much too tough
Can't do it all at once
Got to do it little by little

Can't do it all at once...
