

GO WITH ME

(written by Kenneth Cope)

God begins again
To work His wonder from the clouds
Words of sleeping prophets
Rise as treasure from the ground
Messengers from heaven speak to man on earth
This man has heard

Knowledge long forgotten
Now is given Face to face
Light is bursting forth
And turning darkness into day
Man can know his Maker if only he'll receive
This man has seen

*Go with me to Cumorah
Go with me, hear the angels voice
Learn of truths taught now from heaven
And what's soon to be
Go with me*

Would to God that all
Could speak the mind and will of heaven
None would need be taught
To know the kingdom come again
Why will man not hearken?
God can make you free
Why not believe?
Believe

*Go with me to the angels
Go with me, feel the hand of power
Hear the voice proclaim salvation
And restore the keys
Go with me*

Go with me to living waters
Drink and bow the knee
Taste the love of heaven
Yes, come and see
Come and see

*Go with me on to glory
Go with me through the heavenly gate
Find your place with saints and angels
In the world of peace, go with me*

*Go with me past the angels
Go with me to the throne of grace
To the presence of the Father
And to Jesus, come
Go with me, go with me*
