

GONNA MISS YOU

(written by Kenneth Cope)

I can't remember never knowing you
You've always been a part of what I do
But now we're faced with somethin' new
You're goin' away

It didn't take us long to get this tight
It seemed to happen almost over night
And yet, we've done so much with time
But now time brings this change
You're goin' away

CHORUS:

*I'm gonna miss you
I wish you didn't have to leave me
This ain't easy
I've gotten used to having you here by my side
It's hurtin' me to say good-bye
I'm gonna miss you
I'll miss you*

We've seen yesterdays of almost every kind
But we've never really been through a good-bye
And now I know the reason why I cry, you cry

REPEAT CHORUS

I'll miss you, I'll miss you
I need you near me, come back to me right away
I need you near me, come back to me right away
