

## HIS NAME IS LOVE

(written by Kenneth Cope)

My name is Ego—I desire to be admired  
And the center of attention  
My name is Pride—it's true my thoughts and ways are higher  
Every rule needs an exception

### CHORUS:

*He leaves the fold to find me  
His touch reclaims, reminds me  
His face is hope, His name is Love*

My name's Impatience—I've got better things to wait on  
Can't it just work out the first time?  
My name is Anger—all this bottled-up frustration  
Shows in outbursts of the worse kind

### REPEAT CHORUS

He's writing His name on my heart  
Working the change from the inside  
Pouring out grace from the start  
With nothing but love

My name is Condemnation—I've got two eyes that watch for fault  
And ears to catch you  
My name is Rumor—I've a tongue that runs to mischief  
And a heart that sees right past you

### REPEAT CHORUS

He's writing His name on my heart  
Working the change from the inside  
Pouring out grace from the start  
With nothing but love

My name's Forgetful—I get panicked in the moment  
Though His love's come to astound me  
My name's Unsteady—seems I'm almost touching heaven  
Or sin is crashing down around me

### REPEAT CHORUS

*Oh, Lord, don't fail to find me  
Reclaim, reform, refine me  
Till my face is hope, and my name is Love*

My name is Weakness—My name is Fallen  
His name is Jesus  
His name is Love...
