

I'M ALRIGHT

(written by Kenneth Cope)

Death comes and quiets life
It was hard to accept for the longest time
And it still can make you cry

Love brings a sad good-bye
And it's harder on those who get left behind
But if you could see through clearer eyes
You'd find...

CHORUS:

*I'm alright
I'm right where I ought to be
But this is so hard for me
Knowing it's hard on you
Dry your eyes
We're right where we ought to be
Be still and you will know
It's alright*

Please try to understand
My coming here was in His plans
But you can seal what we began
Give Him your hand

REPEAT CHORUS

Soon we will be together
Though the waiting seems like forever
But I couldn't take forever without you

*We're alright
Right where we ought to be
Be still and you will know
It's alright*
