

IMAGINATION

(written by Randy Kartchner & Kenneth Cope)

Lookin' for love
One who'd come and take my heart
Givin' more than enough
But not gettin' very far
So I put off my plans for two
And no reason to change until I came to you

Hotter than hot
You're just what I've been waiting for
And ready or not, I can't hide it anymore
My mind's run away with you
Created the dream, but fantasy won't do

CHORUS:

*Maybe it's just imagination
But maybe it's more than that
Will you give the love
My imagination can't*

Goin' for broke
I'm puttin' it all on the line
I need to know if you've been givin' me the sign
I don't want to play the fool
But Girl, I'm in love - tell me you approve

REPEAT CHORUS

I'm takin' the chance on you
And playing my hand - now it's in your move

*Maybe it's not imagination
It's got to be more than that
Tell me it's love
Don't leave it to my imagination
I'm needing more than that
Got to have your love*
