

## LOVE IS

(written by Kenneth Cope)

A warming fire in the dead of winter  
A cooling water in the desert land  
Light to every shadow  
Love is

Consolation in the prison chamber  
Splashing color 'cross the gloomy gray  
Shelter in the whirlwind  
Love is  
Love is

### CHORUS:

*Pure as the days of childhood  
True as the northern star  
Wide as the walls of heaven  
Love is*

Love, walk with me so the grass grows greener  
Love, stand by me so the sky blows clear  
King to every reason  
Love is  
Love is

### REPEAT CHORUS

Love is—love is  
You and I know just what love is  
True love is pure love is His love  
True love is pure love is His love  
His love is love

Bearing the burden though the shoulders falter  
Facing the battle as we lie asleep  
Defender of the helpless  
Love is  
His love is

### REPEAT CHORUS

*His love is  
Deep as the reach of mercy  
Brave as the yielding prayer  
Strong as the grasp of Jesus  
Love is*

*Love is  
His love is*
