

THE RIGHT TRACK

(written by Kenneth Cope and Randy Kartchner)

Keep my eye on heaven's Chosen
Keep my ear tuned to His words
Walk the path that has been spoken
Keep my heart far from the world

But if I ever start to wander
Help me to remember, lead me to see
Just how to . . .

CHORUS:

*Get back on the right track
Make a change and rearrange
The way I've been seein' things
Got to get back on the right track
'Cause every step I'm takin'
Needs to point me home again*

With every day it's gettin' better
Onward and upward comes with time
But time soon turns into forever
When the prize I've chosen will be mine

So if I ever lose direction
Bring me to my senses, straighten up my way
Help me to . . .

REPEAT CHORUS

Point me home
Home again

REPEAT CHORUS

...It's time to get back...
