

WE BELIEVE

(written by Greg Simpson)

If there is anything good out there
We believe
If there is hope in the heat of despair
We believe
If honesty opens an eye to the truth
Wake up the world and welcome the proof

CHORUS:

*We believe in one name under Heaven
Where all things are given by faith, love, and hope
We believe in obedience ringing the bell of the free
We believe and we'll live what we know*

If there is innocence undefiled
We believe
Is there a chance to retreat from the wild
We believe
If virtue is one thing you won't be without
We'll fight with the faithful, we'll sing and we'll shout

REPEAT CHORUS

And we'll live what we know
We believe
