

## WHAT HAVE I DONE WITH HIS NAME?

(written by Kenneth Cope)

Father named me after Grandpa  
He said he hoped that I would one day  
Be the man that he was  
Well, Grandpa died when I was five years old  
And so he hasn't been around to know  
What his namesake has done  
But what if he's watching?  
What if Grandpa's seen all I've become?

### CHORUS:

*What have I done with his name?  
I'm hoping he won't be ashamed  
The right or the wrong  
I've done it all with his name*

Someone named me after Mormon  
Trying to turn the world against me  
Because of faith etched in gold  
But that name has stood for goodness  
And its fame now floods the nations  
By the words Mormon wrote  
Now, what if he's watching?  
Have I been true  
To what Mormon made known?

### REPEAT CHORUS

There's a Name above all others  
And it's the only one that saves  
So Grandpa, me and Mormon  
We love this Name  
And we know He's watching  
Jesus sees all of our faith

*What will we do with His name?  
He's hoping we won't be ashamed  
The right or the wrong  
We do it all with His name  
But, He can catch us when we fall  
'Cause that's what He does with His name*

That blessed name  
I love His name
